

RESOLUTION NO. 20230322-001

A RESOLUTION OF THE ALLIANCE REGIONAL WATER AUTHORITY BOARD OF DIRECTORS ACCEPTING AND APPROVING THE AUDIT REPORT PREPARED BY ARMSTRONG, VAUGHAN & ASSOCIATES, P.C. FOR THE AUTHORITY'S 2021-22 FISCAL YEAR, AND DECLARING AN EFFECTIVE DATE

RECITALS:

- 1. The Alliance Regional Water Authority (the "Authority") engaged the independent accounting firm of Armstrong, Vaughan & Associates, P.C. of Universal City, Texas to perform an annual audit of the Authority's financial records.
- 2. Armstrong, Vaughan & Associates, P.C. performed an audit of the Authority's financial records for the 2021-22 fiscal year and has prepared and presented a report of the audit results to the Authority Board of Directors.
- 3. The Authority Board of Directors wishes to accept and approve the audit report prepared by Armstrong, Vaughan & Associates, P.C.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE ALLIANCE REGIONAL WATER AUTHORITY:

SECTION 1. The audit report prepared by Armstrong, Vaughan & Associates, P.C. for the Authority's 2021-22 fiscal year is accepted and approved.

SECTION 2. This Resolution shall be in full force and effect immediately upon its passage.

ADOPTED: March 22, 2023

Chris Betz

Chair, Board of Directors

ATTEST:

Amber Schmeits

Secretary, Board of Directors

Armstrong, Vaughan & Associates, P. C.

Communication with Those Charged with Governance

To the Board of Directors Alliance Regional Water Authority

We have audited the basic financial statements of Alliance Regional Water Authority for the years ended September 30, 2022 and 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 27, 2022, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Alliance Regional Water Authority solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team and others in our firm, as appropriate, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Alliance Regional Water Authority is included in Note A to the financial statements. There have been no initial selections of accounting policies and no changes in significant accounting policies or their application during 2022.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimate affecting the financial statements is:

1. Pension related investment return and mortality rates

We evaluated the key factors and assumptions used to develop the estimate and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There are no sensitive disclosures affecting Alliance Regional Water Authority's financial statements.

Significant Difficulties Encountered during the Audit

We encountered no difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statement as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. We assisted management with entries to update the pension balances, contract retainage and timing of GBRA billings.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Alliance Regional Water Authority's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management in a separate letter dated March 17, 2023.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Alliance Regional Water Authority, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Alliance Regional Water Authority's auditors.

Other Information in Documents Containing Audited Financial Statements

Pursuant to professional standards, our responsibility as auditors for other information in documents containing Alliance Regional Water Authority's audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read the information and considered whether such information, or the manner of its presentation, was materially consistent with its presentation in the financial statements.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Other Matters

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Authority's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the information and use of the Board of Directors and management of Alliance Regional Water Authority and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully,

Armstrong, Vaughan & Associates, P.C.

Armstrong, Vauspan & Associates, P.C.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees Alliance Regional Water Authority San Marcos, TX

Report on the Audit of the Financial Statements

We have audited the accompanying financial statements of the Alliance Regional Water Authority as of and for the years ended September 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise Alliance Regional Water Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Alliance Regional Water Authority, as of September 30, 2022 and 2021, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Alliance Regional Water Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Alliance Regional Water Authority's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alliance Regional Water Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alliance Regional Water Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance Regional Water Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules of changes and contributions for net pension liability as referred to in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Alliance Regional Water Authority's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information required by the Texas Commission on Environmental Quality is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Armstrong, Vaughan & Associates, P.C.

Aronstrong, Vauspan of Associates, P.C.

March 17, 2023

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Alliance Regional Water Authority's annual financial report presents our discussion and analysis of the Authority's financial performance during the fiscal year ended September 30, 2022. Please read it in conjunction with the Authority's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The Authority's total net position was \$87.8 million at September 30, 2022.
- During the year, the Authority's operating expenses decreased 8%, primarily from lower professional fees.
- No new debt was issued during the year.

AUTHORITY HIGHLIGHTS

- The Authority's goal is to secure and develop a long-term water supply for the participating government's communities.
- The Authority has acquired leases for 17,699 surface acres of water. The Authority has also been approved for the production of 11,620 and 4,700 acre feet per year from the Gonzales Underground Water Conservation District and the Plum Creek Conservation District, respectively.
- The Authority has completed work on Phase 1A (an interconnect between Kyle and Buda water systems) and continued work on the Phase 1B (wells, raw water collection system, water treatment plant, pipelines, booster pump and delivery points for all participating governments).
- The Authority entered into a Water Treatment and Transmission Agreement with the Guadalupe-Blanco River Authority (GBRA) in June 2018. The agreement provides that the Authority will own and size the infrastructure (water treatment plant, pipelines and booster pump station) to treat and deliver the Authority's water along with GBRA's separate Carrizo rights, with GBRA owning capacity in the shared infrastructure. The agreement increases the economies of scale of the overall project and saves the Authority and GBRA significant capital costs.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements consist of the following statements:

- The *Statement of Net Position* shows the financial standing of the authority as of the end of the year, including all assets and liabilities.
- The Statement of Revenues, Expenses and Changes in Net Position provides information about the activity of the Authority during the fiscal year. It reports revenues when incurred, regardless of when they are received, and expenses when incurred, regardless of when they are paid.
- The Statement of Cash Flows reports the sources and uses of cash during the fiscal year.

The financial statements also include notes that explain a few of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

FINANCIAL ANALYSIS OF THE AUTHORITY

Net position—the difference between the Authority's assets and liabilities—is one way to measure the Authority's financial health or *position*. Over time, increases or decreases in the Authority's net position is an indicator of whether its financial health is improving or deteriorating, respectively.

The Authority's net position was \$87.8 million at September 30, 2022. Of this amount, \$30.0 million is unrestricted, representing resources available to fund the operations of the Authority next year. (See Table A-1).

Table A-1Authority's Net Position

	2022	2021	2020
Assets:			
Cash and Investments	\$ 62,277,556	\$ 25,932,329	\$ 3,128,514
Other Current Assets	463,482	436,680	2,420,777
Other Assets	113,209,465	172,879,702	95,683,811
Capital Assets (Net)	187,380,889	82,604,304	51,388,414
Total Assets	363,331,392	281,853,015	152,621,516
Deferred Outflows	48,214	42,509	20,688
Liabilities:			
Current	54,005,389	16,544,345	9,718,789
Long Term	221,600,000	230,844,067	117,455,000
Total Liabilities	275,605,389	247,388,412	127,173,789
Deferred Inflows	23,905	2,473	1,479
Net Position:			
Net Investment in Capital	56,633,808	7,521,344	19,754,428
Restricted for Debt Service	1,165,091	1,159,476	652,096
Unrestricted	29,951,413	25,823,819	5,060,412
Total Net Position	\$ 87,750,312	\$ 34,504,639	\$ 25,466,936

The Authority's total operating expenses were \$2.0 million, an 8% decrease from the prior year. Operating revenues will begin once the Authority completes construction of the project and begins wholesaling water. Until that time, the participating governments are supporting the operations. (See Table A-2).

Table A-2Changes in Authority Net Position

	2022 2021		2020	
Operating Revenues	\$ 41,314	\$ 41.482	\$ 35.003

Nonoperating Income	55,246,162	11,212,590	11,515,974	
	_			
Change in Net Position	53.245.673	9.037.703	9.495.905	
Beginning Net Position	34,504,639	25,466,936	15,971,031	
Ending Net Position	\$ 87,750,312	\$ 34,504,639	\$ 25,466,936	

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of September 30, 2022, the Authority had invested \$187 million in land and construction of water infrastructure. Because these projects are not complete and in service yet, no depreciation has been recorded. (See Table A-3). More detailed information about the Authority's capital assets is presented in the notes to the financial statements.

Table A-3Authority's Capital Assets

	2022	2021	2020
Land and Eggaments	\$ 26.640.972	¢ 17.401.560	¢ 7.061.219
Land and Easements	\$ 36,649,873	\$ 17,401,569	\$ 7,061,318
Construction in Progress	150,731,016	65,202,735	44,327,096
Totals at Historical Cost	\$ 187,380,889	\$ 82,604,304	\$ 51,388,414

Long-Term Debt

At year-end, the Authority had \$231 million in principal outstanding on bonded debt. No new debt was issued during the fiscal year. The participating governments have pledged to contribute amounts to the Authority sufficient to service these debts. More detailed information about the Authority's debt is presented in the notes to the financial statements.

Table A-4Authority's Long Term Debt

	2022	2021	2020
Bonds Payable	\$230,835,000	\$240,030,000	\$121,985,000

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The primary goal for the Alliance Regional Water Authority (Alliance Water) for FY 22-23 is to continue with the development of its 15,000 acre-feet per year Carrizo water supply for its Sponsors scheduled to begin water delivery in 2023. The FY 22-23 budget continues to include collection of debt service from Kyle and Canyon Regional Water Authority for the debt issued in 2015 along with collection from all four Sponsors for the debt issued in 2017, 2019 and 2020 and the anticipated issuance in October 2022. The remaining operations and maintenance expenses are anticipated to be funded through cash payments by the Sponsors at the rates specified in the water supply contract. In June 2018 Alliance Water entered into an agreement with the Guadalupe-Blanco River Authority (GBRA's) for Treatment and Transmission Services for GBRA's Carrizo water to be utilized by GBRA's customers. As part of the agreement, GBRA has agreed to pay for 50% of the design and acquisition costs for the portion of the Phase 1B Program in which they are participating. These payments are a significant source of revenue for Alliance Water.

CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Graham Moore by mail at Alliance Regional Water Authority, 630 East Hopkins, San Marcos, Texas 78666, phone at (512) 294-3214, or email at gmoore@alliancewater.org.

BASIC FINANCIAL STATEMENTS

The basic financial statements include:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

ALLIANCE REGIONAL WATER AUTHORITY NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022 AND 2021

NOTE A -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Hays Caldwell Public Utility Agency (the HCPUA) was incorporated January 2007 pursuant to the provisions of Chapter 572, Texas Local Government Code, Public Utility Agencies for Provision of Water or Sewer Service. In 2017, the HCPUA was formally converted to the Alliance Regional Water Authority (the Authority). The conversion assigned all assets, liabilities, and all other rights and obligations of the HCPUA to the Authority. The Authority was organized to aid, assist, and act on behalf of the organizing participants, collectively and individually, to achieve economies of scale in providing essential water and sewage systems to the public, and provide environmentally sound protection of the State's future water and wastewater needs.

The organizing sponsors (the Sponsors) are the City of San Marcos, City of Buda, City of Kyle and Canyon Regional Water Authority.

The Authority meets the criteria of a joint venture between the Sponsors with an ongoing financial responsibility. The Sponsors have pledged revenues from existing water utility systems to finance the operations and long-term debt of the Authority, either through purchasing water from the Authority or subsidizing through direct payments (reflected as "Contributions from Participating Governments"). The Authority is actively pursuing the development of alternate water sources. The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below:

1. REPORTING ENTITY

In evaluating how to define the government for financial purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement 14, "The Financial Reporting Entity" and GASB Statement 39 "Determining Whether Certain Organizations are Component Units". The definition of the reporting entity is based primarily on the concept of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. The Authority has no component units.

2. ENTERPRISE FUND

The Authority is an enterprise fund. Enterprise funds are proprietary funds used to account for business-type activities provided to the general public or other governmental entities. The activities are financed by charges to member entities and the measurement of financial activity focuses on net income similar to the private sector. Revenues are recognized when earned, and expenses are recognized when incurred.

NOTE A -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Revenues are classified as *operating* and *non-operating*. Operating revenues include charges to member entities for water pursuant to their contractual agreements. Non-operating revenues are expense reimbursements from member entities, interest income, and other revenues not related to the sale of wholesale water.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

4. CASH AND INVESTMENTS

State statutes authorize the Authority to invest in (a) obligations of the United States or its agencies, and instrumentalities; (b) direct obligations of the State of Texas or its agencies; (c) other obligations, the principal and interest of which are unconditionally guaranteed or insured by the State of Texas or the United States; (d) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than A or its equivalent; (e) certificates of deposit by state and national banks domiciled in this state that are (i) guaranteed or insured by the Federal Deposit Insurance Corporation, or its successor; or, (ii) secured by obligations that are described by (a) – (e). Statutes also allow investing in local government investment pools organized and rated in accordance with the Interlocal Cooperation Act, whose assets consist exclusively of the obligations of the United States or its agencies and instrumentalities and repurchase assessments involving those same obligations.

Investments are stated at fair value (plus accrued interest) except for money market investments and participating interest-earning investment contracts (U.S. Treasuries) that have a remaining maturity at time of purchase of one year or less. Those investments are stated at amortized cost, which approximates fair value.

The Authority reports investments at fair value based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Authority's investments in pools and money market funds are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

The Authority considers cash and cash equivalents to be amounts in checking accounts, savings accounts, money market accounts, local government investment pools and certificates of deposit with a maturity date within three months or less from the date of purchase.

NOTE A -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. ACCOUNTS RECEIVABLE

Accounts receivable consists of amounts due from member entities. Participating governments are billed a flat amount each year based on budgeting operating costs plus a provision for either debt service or cash requirements of construction projects. Any budgeted amounts unpaid at year end are recorded as a receivable on the statement of net position. Interlocal agreements with other governments are treated similarly.

6. PREPAID EXPENSES

Expenses paid during the year that have a benefit beyond the current fiscal year are recorded on the balance sheet as prepaid expenses.

7. GROUNDWATER LEASE ACQUISITION COSTS

Costs incurred to purchase or reserve groundwater (leases) for future consumption are capitalized. Those costs consist of incentive payments to landowners and professional fees for contract negotiations. The costs are being amortized over an estimated 10-year minimum lease term.

8. CAPITAL ASSETS

The Authority is in the process of constructing assets to develop potable water sources. All costs related to the projects are capitalized. Once placed in service, the assets will be depreciated. Donated capital assets are recorded at estimated fair market value at the date of donation.

The Costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Purchases in excess of \$5,000 with a useful life in excess of one year are capitalized and depreciated using the straight-line method. Lives have not been estimated as they have not yet been placed in service.

9. DEFERRED INFLOWS AND OUTFLOWS

A deferred outflow of resources is a consumption of net position that is applicable to a future reporting period while a deferred inflow of resources is an acquisition of net position. These items are presented in separate sections following assets (deferred outflows) or liabilities (deferred inflows) on the statement of net position.

10. LONG-TERM OBLIGATIONS

Bonds, notes and capital leases are recorded as liabilities on the statement of net position. Bond issue costs are expensed in the period they are incurred. Bonds payable are reported net of the applicable bond premium or discount.

NOTE A -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. PENSIONS

The net pension liability, deferred inflows, and outflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Texas County District Retirement System (TCDRS), and additions to and deductions from TCDRS's fiduciary net position have been determined on the same basis as they are reported by TCDRS. For this purpose, benefit payments (including refund of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

12. NET POSITION

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. When expenses qualify for restricted and unrestricted resources, the Authority's policy is to use restricted resources first.

13. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

14. RECLASSIFICATIONS

Certain transactions are classified differently on the September 30, 2022 financial statements than previous fiscal years. These reclassifications had no effect on net income.

NOTE B -- CASH AND INVESTMENTS

1. <u>Cash and Cash Equivalents</u>

The Authority's funds are deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the Authority's agent bank approved pledge securities in an amount sufficient to protect Authority funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. At September 30, 2022, the Authority's bank deposits were fully covered by a combination of federal deposit insurance and pledged securities.

NOTE B -- CASH AND INVESTMENTS (Continued)

2. <u>Investments</u>

The Authority had the following investments included in cash and cash equivalents:

	Balan		
	9/30/22	9/30/21	Rating
TexStar Local Government Pool	\$ 60,940,168	\$ 23,067,777	AAAm
Money Market Funds	111,546,575	171,232,304	AAAm
	\$ 172,486,743	\$ 194,300,081	

Both TexStar and the money market funds report in a manner consistent with Rule 2a7. Therefore, the investments are reported at \$1 per share, which approximates fair value. These investments are reported in cash and cash equivalents. The Authority was not exposed to significant investment rate, credit, or custodial credit risks.

3. Investment Compliance

The Authority is required by the Public Funds Investment Act to adopt an investment policy defining authorized investments, name an investment officer, obtain required training and regular reporting of investment activities. The Authority has complied with the requirements in the Public Funds Investment Act.

NOTE C -- CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2022 was as follows:

	Balances at		Transfers/	Balances at
	10/1/21	Additions	Disposals	9/30/2022
Land and Easements	\$ 17,401,569	\$ 19,248,304	\$ -	\$ 36,649,873
Construction in Progress	65,202,735	85,528,281		150,731,016
Capital Assets, Net	\$ 82,604,304	\$ 104,776,585	\$ -	\$ 187,380,889

Land and Construction in Progress are not depreciated.

NOTE D -- LONG-TERM DEBT

The Authority's long-term debt consists of bonds with interest payable on February 15 and interest and principal payable on August 15 of each year.

	Original	Issue	Interest	Maturity
Series Name	Amount	Date	Rate	Date
2015 Contract Revenue Bonds

2020 Contract Revenue Bonds				
2020A Canyon Regional Water Authority	37,865,000	11/20/2020	0.14%-2.48%	2050
2020B City of Kyle	34,530,000	11/20/2020	0.14%-2.48%	2050
2020C City of San Marcos	43,955,000	11/20/2020	0.12%-1.55%	2040
2020D City of Buda	6,225,000	11/20/2020	0.12%-1.55%	2040

All of the Authority's bonds are private placements without subjective acceleration clauses or significant events of default with finance related consequences.

NOTE D -- LONG-TERM DEBT (Continued)

The Authority's long-term debt activity as of and for the year ending September 30, 2022 is as follows:

	Balance			Balance		
	Outstanding			Outstanding	Due Within	
Bond Series	10/1/2021	Additions	Retirements	9/30/2022	One Year	
2015A	\$ 3,030,000	\$ -	\$ (190,000)	\$ 2,840,000	\$ 195,000	
2015B	3,075,000	-	(95,000)	2,980,000	95,000	
2017A	9,075,000	-	(270,000)	8,805,000	270,000	
2017B	8,275,000	-	(245,000)	8,030,000	245,000

2017D	1,395,000	-	(80,000)	1,315,000	80,000	
2019A	25,790,000	-	(750,000)	25,040,000	755,000	
2019B	23,525,000	-	(680,000)	22,845,000	690,000	
2019C	29,315,000	-	(1,500,000)	27,815,000	1,510,000	
2019D	4,160,000	-	(215,000)	3,945,000	215,000	
2020A	37,865,000	-	(1,110,000)	36,755,000	1,110,000	
2020B	34,530,000	-	(1,010,000)	33,520,000	1,015,000	
2020C	43,955,000	-	(2,190,000)	41,765,000	2,190,000	
2020D	6,225,000		(310,000)	5,915,000	310,000	
Totals	\$ 240,030,000	\$ -	\$ (9,195,000)	\$ 230,835,000	\$ 9,235,000	

The annual requirements to amortize all debt outstanding as of September 30, 2022, including interest payments, are as follows:

Year End	Principal	Interest	
September 30,	Payments	Payments	Total
2023	\$ 9,235,000	\$ 3,850,242	\$ 13,085,242
2024	9,285,000	3,796,032	13,081,032
2025	9,335,000	3,736,821	13,071,821
2026	9,400,000	3,673,073	13,073,073
2027	9,475,000	3,600,382	13,075,382
2028-2032	48,735,000	16,561,252	65,296,252
2033-2037	51,940,000	12,814,216	64,754,216
2038-2042	39,610,000	8,052,325	47,662,325
2043-2047	29,770,000	4,157,739	33,927,739
2048-2050	14,050,000	659,903	14,709,903
Total	\$ 230,835,000	\$ 60,901,985	\$ 291,736,985

NOTE E -- GROUNDWATER LEASES

The Authority has contracted to purchase water from several landowners. Each contract stipulates an initial term with extensions for as long as the Authority makes the lease payments. Initial costs to acquire these leases are amortized over the initial term. The Authority intends to maintain these leases in perpetuity. Future minimum lease payments under current conditions are \$1.3 million per year.

NOTE F -- SPONSORING GOVERNMENTS

The sponsoring governments have pledged revenues to support the budgeted operating costs and debt service of the Authority based on their anticipated usage of the resulting water produced from the project. Because the Authority is still constructing its plant, no water has been sold other than non-potable water. Contributions from the sponsoring governments are broken down as follows:

Sponsoring Government	Share
City of San Marcos	35.86%
Canyon Regional Water Authority	30.89%
City of Kyle	28.17%
City of Buda	5.08%
Total	100%

NOTE G – TRANSMISSION AND TREATMENT INTERLOCAL AGREEMENT

In 2018, the Authority reached an agreement with Guadalupe Blanco River Authority (GBRA) for the use of Authority plant pipelines and treatment facilities. The agreement involves increasing the capacity of the Authority's system to treat and transmit GBRA water. In exchange, GBRA has agreed to fund a portion of the construction costs and ongoing operational costs once in production. A portion of the plant capacity will be reserved for GBRA's use. GBRA is billed their pro-rata share of construction costs as they are incurred. Any payments in excess of these costs are shown as a liability on the statement of net position.

NOTE H -- TEXAS COUNTY AND DISTRICT RETIREMENT SYSTEM

Plan Description

The Authority participates as one of 800 plans in the nontraditional, defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). TCDRS is an agency created by the state of Texas and administered in accordance with the TCDRS Act as an agent multiple-employer retirement system for County and District employees in the State of Texas. The Board of Trustees of TCDRS is responsible for the administration and management of the system. TCDRS in the aggregate issues a annual comprehensive financial report (ACFR) on a calendar year basis. The ACFR is available upon written request from the TCDRS Board of Trustees at PO Box 2034, Austin, Texas 78768-2034.

NOTE H -- TEXAS COUNTY AND DISTRICT RETIREMENT SYSTEM (Cont.)

The plan provisions are adopted by the governing body of the Authority, within the options available in the state statutes governing TCDRS. Members can retire at age 60 and above with 5 or more years of service or with 30 years regardless of age or when the sum of their age and years of service equals 80 or more. A member is vested after 5 years but must leave his accumulated contributions in the plan.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the Authority within the actuarial constraints imposed by the TCDRS Act so the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Contributions

The Authority has elected the annually determined contribution rate plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the Authority is actuarially determined annually. The Authority contributed using the actuarially determined rate of 6.82% and 8.40% for the calendar years of 2021 and 2022, respectively.

The contribution rate payable by the employee members is 5% and the Authority matches 2 to 1 as adopted by the governing body of the Authority. The employee deposit rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

Benefits Provided

TCDRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the Authority, within the options available in the state statutes governing TCDRS. At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the Authority-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

At the December 31, 2021 valuation and measurement date, the following employees were covered by the benefit terms:

	12/31/2021
Inactive Employees Receiving Benefits	0
Inactive Employees	0
Active Employees	4
	4

NOTE H -- TEXAS COUNTY AND DISTRICT RETIREMENT SYSTEM (Cont.)

Net Pension Liability

The Authority's Net Pension Liability (NPL) was measured as of December 31, 2021, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The Total Pension Liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions:

Real rate of return	5.00%
Inflation	2.50%
Long-term Investment return	7.50%

The long-term expected rate of return on pension plan investments is 7.5%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TCDRS. The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2021 information for a 10-year time horizon. Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a long-term time horizon; the most recent analysis was performed in March 2021. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Expected Real
		Rate of Return
Asset Class	Target Allocation	(Geometric)
US Equities	11.5%	3.80%
Global Equities	2.5%	4.10%
International Equities - Developed	5.0%	3.80%
International Equities - Emerging	6.0%	4.30%
Investment-Grade Bonds	3.0%	-0.85%
Strategic Credit	9.0%	1.77%
Direct Lending	16.0%	6.25%
Distressed Debt	4.0%	4.50%
REIT Equities	2.0%	3.10%
Master Limited Partnerships (MLPs)	2.0%	3.85%
Private Real Estate Partnerships	6.0%	5.10%
Private Equity	25.0%	6.80%
Hedge Funds	6.0%	1.55%
Cash Equivalents	2.0%	-1.05%
	100.0%	

NOTE H -- TEXAS COUNTY AND DISTRICT RETIREMENT SYSTEM (Cont.)

Discount Rate

The discount rate used to measure the Total Pension Liability was 7.60%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

The following presents the net pension liability of the Authority, calculated using the discount rate of 7.60%, as well as what the Authority's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Disco	Discount Rate		count Rate	Discount Rate	
	6	5.60%		7.60%		8.60%
Net Pension Liability (Asset)	\$	29,733	\$	(16,518)	\$	(54,734)

Changes in Net Pension Liability

The below schedule presents the changes in the Net Pension Liability (Asset) as of December 31, 2021:

	Tota	al Pension	Plan	Fiduciary	Net	Pension

Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TCDRS financial report. That report may be obtained at www.tcdrs.com.

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended September 30, 2022, the Authority recognized pension expense of \$19,672. Also as of September 30, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions form the following sources:

	Deferred Outflows		Deferred Inflows			
	Outflows of		Inflows of			
	of R	of Resources		of Resources		esources
Differences between Expected and						
Actual Economic Experience	\$	11,008	\$	377		
Changes in Actuarial Assumptions		14,579		42		
Net difference between projected						
and Actual Earnings		-		23,486		
Contributions Subsequent to the						
Measurement Date		22,627		_		
	\$	48,214	\$	23,905		

Deferred outflows of resources in the amount of \$22,627 result from contributions subsequent to the measurement date, and will be recognized as a reduction of the net pension liability for the plan year ending December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

For the Year ended December 31,	
2022	\$ (4,065)
2023	(5,312)
2024	(4,269)
2025	(4,012)
2026	1,457
Thereafter	17,883
	\$ 1,682

NOTE I -- LITIGATION

The Authority acquires a significant amount of easements and real property to support pipelines. Legal proceedings are required in certain cases of condemnation. However, management and legal counsel are not aware of any litigation that will have a material effect on the Authority's financial position.

NOTE J -- COMMITMENTS

As of September 30, 2022, the Authority had several contracts in place as follows:

	Total	Expended	Estimated
	Commitment	to Date	Remaining
Engineering & Right of Way	\$ 23,644,633	\$ 10,426,634	\$ 13,217,999
Construction	112,358,550	42,789,669	69,568,881
	\$ 136,003,183	\$ 53,216,303	\$ 82,786,880

NOTE K -- SUBSEQUENT EVENT

In October 2022, the Authority issued \$48 million in contract revenue bonds for system improvements. The bonds bear interest at rates ranging from 2.78% to 4.17% and mature serially through August 2052. The bonds are secured by the water supply contracts of the participating entities.
